Protection for even more power

The Ortho-Max Protection Concept - highest comfort and optimum freedom of movement

ORTHO-MAX Enduro

World Innovation 2016

ORTHO-MAX Enduro

The protective jacket is extremely light and is made up of heavy duty and especially breathable material. The centerpiece is the back protector made from novel memory foam, that strives for the perfect concussion protection. A special disruptive protector protects the spine from pointy and sharp objects. Shoulder, chest, and back protectors are removable. Further, maximal air permeability and removable pads in the chest and shoulder areas as well as an almost integrated rib cage guard ensure for all-around protection of the upper body. The integrated kidney belt is adjustable for height and can be individually adapted to fit over a Velcro® fastener and is body-hugging. With three practical pockets in the integrated kidney belt for a cell phone, crossbar etc.

Applicable areas:
Moto-Cross, Enduro, Supermoto, Street racing, Speedway etc.

Sizes:	**M**	from 165 to 175 cm	protection area: 52 cm
	L	from 175 to 185 cm	protection area: 56 cm
	XL	from 185 to 190 cm	protection area: 60 cm

ORTHO-MAX Enduro	**1 pc**	**259.00 €**
